

Tuscarawas County YMCA 2010-2011

Y PRESCHOOL TM

Creative Learning + Swim!

Learning should be Fun!

This licensed and certified learning center is designed for children 3 – 5 years old. We develop early learning skills, social skills and independence in a safe, fun environment.

Activities in the classroom are designed to aid in small motor skill development. Tracing, puzzles, beads and string and peg board activities are some of the great tools we use. Social skills are practice daily in all areas of learning. Letters of the alphabet are introduced weekly and the phonetic sounds are discovered. We also work with numbers, maps, recognizing and writing the child's name. Job responsibilities are also used as a tool in your child's learning process.

Our gym time aids in the development of large motor skills, as we teach fun and unique games. Children will explore new ways to move, run, balance, jump and exercise. Swim lessons develop the aquatic skills and build confidence.

We take pride in teaching our core values of caring, honesty, respect, and responsibility.

The learning center is open to everyone.
